PROGRAMME OUTLINE

Enriching Your Life Through Greater Knowledge

This programme is designed to broaden the individual's horizons and develop their academic knowledge as well as their intellectual abilities for critical and analytical thinking and for understanding human life and society.

Students pursuing this degree will be the architects of their own study programme, enjoying a considerable amount of freedom in their course choices to select various possibilities to meet their needs:

- From music to literature - Enriching creativity and "soft" skills
- From psychology to culture - Increasing analytical and intellectual abilities
- Expanding knowledge in history, economics, geography, human resources and many more...

CAREER OPPORTUNITIES

A wide range of options are available for graduates of this programme: Positions in academia, administration, sales, research, public relations, marketing, social work, service and management.
