

Sustainable Global Trade for A Better Future

Accelerate your Trade Leadership Career

Saturday, 4 December 2021
11.00 AM - 12.00 PM (GMT+8)

About the Talk

Effective leaders are the ones who can manage crisis situations by adapting to new environments. Senior professionals constantly need to develop their skills so that they can make a positive difference in their organisation.

The talk will touch on educational initiatives that allow participants to gain deeper knowledge on global trade. Participants will learn about the Master of Global Trade (MGT) programme that helps to advance sustainable global trade through education and talent development. The session will also offer an overall understanding of MGT scholarships.
