SDGA signs MoA for value partnership programme with Wawasan Open University

KUCHING: Sarawak Dayak Graduates Association (SDGA) signed a memorandum of agreement (MoA) for a Value Partnership Programme (VPP) with Wawasan Open University (WOU), recently.

The partnership supports two of SDGA's strategic pillars, which are Skills Development and Education & Knowledge Sharing.

According to SDGA president Dr Jawing Chunggat, SDGA also supports the strategic thrust for Post Covid-19 Development Strategy (PCDS) 2030 to optimise human capital and social inclusivity for all Sarawakians, focusing on the B40 group to grant opportunity for reskilling and up-skilling.

"The MoA seeks to explore collaboration for educational and human capital development events that can benefit the community. It also seeks areas of cooperation on joint research and development projects," he said.

He added that the VPP also offers SDGA members and

immediate family members a 20 per cent off published fees per enrolment.

The agreement signed between SDGA and WOU is for five years.

WOU is one of four institutions in Malaysia that offers open distance learning (ODL). The

advantage of ODL is that candidates can still work and further their study via an online module and assessment.

SDGA implores for the Dayak community to sign up with SDGA to enjoy the benefits accorded by this partnership

and at the same time, members are also encouraged to take advantage of this partnership to upgrade their academic qualifications.

Membership application can be done on www.sarawakdga.org.my.
